

CHARACTERISTICS

This unique light bulb has been specially developed to provide the simplest and best contemporary alternative for use in standard picture lights, and provides complete dimming control. The fully spectrum-saturated CRI brings true rendition to paint colours and, with no UV or heat, optimum levels of conservation are assured.

TECHNICAL SPECIFICATION

- 5.5 Watts replaces 60W
- Mains Dimmable
- 220-240V input voltage
- 40,000 hour life
- Exceptional CRI of 97+
- Light opal finish
- Warm White (2,700°K)
- 25mm dia. x 221mm long
- Fully Certified to CSL
- 520 Lumen output
- Full 3-Year Warranty
